5. The Teacher's name must not appear anywhere on the YouTube channel. Parents, if you do not have a YouTube channel and do not want to have one then ask someone else to post your child's video(s) for you. Teachers, if you are posting your students' videos then create another channel that does not use your name.
6. When your video is completed and has been posted to YouTube please send the link to the student's teacher. The teacher will collect all links for his/her students and submit them together in the Teacher's List. Parents, do not send videos or video links directly to the Junior Convention administrators. The deadline for teachers to submit YouTube links is Friday, April 23, 2021, so the parent must get the link to the teacher well before this date.
7. Videos which do not adhere to the above conditions will be disqualified.

Thank you again and we wish your student the best of luck for a great competition.
